

Heatmap showing the expression of 100 genes across 10 samples. The samples are grouped into three clusters: EP1\_WT\_ROs\_D45 (green), H9\_ORX\_HRO\_2 (orange), and EP1\_BRN3B\_RO (purple). The genes are grouped into three clusters: EP1\_WT\_ROs\_D45 (green), H9\_ORX\_HRO\_2 (orange), and EP1\_BRN3B\_RO (purple). The color scale ranges from -2 (blue) to 2 (red).
